

The humanitarian situation in Ukraine remains critical and international humanitarian actors, including the United Nations system, national and international NGOs and other international organizations, are engaged in the humanitarian relief response. In December 2014 the cluster system was activated and currently six clusters are actively engaged in life-saving activities throughout the country. This 3W (WHO is doing WHAT WHERE) captures the presence of partners operating on the ground in each oblast. While humanitarian partners continue their efforts to stay and deliver, humanitarian access remains severely constrained. Despite constructive dialogue, heavy requirements are still in place for humanitarian actors to deliver aid close to the 'contact line', including in government-controlled areas and in non-government controlled areas. The 3W is only a reflection of the operational presence and it is not an indication of whether gaps are being addressed. Needs and gaps analysis is being carried out at cluster level.

The activities of the Logistics Cluster in Ukraine have been handed over to a Logistics Sector Working Group, co-led by OCHA and UNHCR as of January 2018.

Partners by Cluster

Partners with ongoing activities

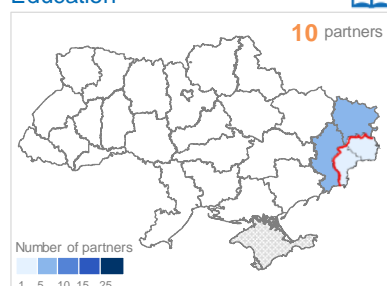

Humanitarian activities in non-government controlled areas (NGCAs) are largely suspended since mid-July 2015

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the United Nations.

PARTNERS BY CLUSTER

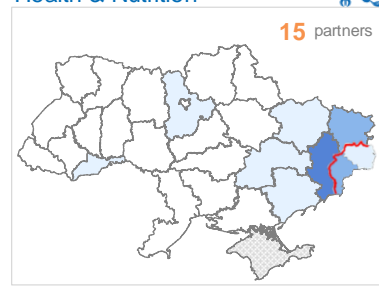

Education

Food Security & Livelihoods

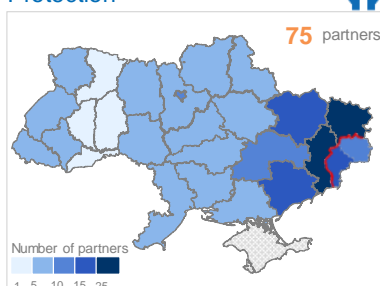

Health & Nutrition

Shelter/NFIs

Protection

WASH

Is your data missing from this document?

Contact the respective Cluster and inform them where you are operating. Your data will be reflected on the next version. Than ks for helping out!

*Does not include information on Shelter and Protection Clusters partners operating in Non-government controlled areas of Donetsk and Luhansk oblasts.

<http://www.humanitarianresponse.info/operations/ukraine>

The mission of the United Nations Office for the Coordination of Humanitarian Affairs (OCHA) is to mobilize and coordinate effective and principled humanitarian action in partnership with national and international actors.

Coordination Saves Lives

The supporting matrixes provide a breakdown of the number of partners in a cluster by Oblast. The information is compiled on the basis of information provided by humanitarian partners to cluster coordinators. The geographic coverage shown is indicative of the humanitarian response.

Number of Partners in each Oblast by Cluster

NUMBER OF PARTNERS

Data Sources: HCT Cluster lead agencies in Ukraine.

ⁱ Protection data includes data from Gender Based Violence, Mine Action and Child Protection Sub-Cluster.

ⁱⁱ Includes only partners operating in Government-controlled areas of Donetsk and Luhansk oblasts.

ⁱⁱⁱ Activities indicated in non-government controlled areas (NGCAs) are largely suspended since mid-July 2015. The resumption of activities and humanitarian assistance is pending on the outcome of the 'registration' by the de-facto authorities.

^{iv} For further details contact cluster and sub-cluster coordinators.

Note: Some partners may be working in both areas (government and non-government controlled) and may be counted several times.
