

In response to the humanitarian crisis in Ukraine countless volunteers, as well as many international humanitarian actors, including the United Nations system, national and international NGOs, and other international organizations, are engaged in the humanitarian relief effort. In December 2014 the cluster system was activated, with 8 clusters engaging in life-saving activities throughout the country. This 3W (WHO is doing WHAT WHERE) captures the presence of partners currently on the ground in each oblast.

Meanwhile, humanitarian access remains severely constrained. Since the beginning of the crisis, government-imposed bureaucratic restrictions have slowed operations considerably and despite constructive dialogue, heavy requirements are still in place for humanitarian actors to deliver aid close to the 'contact line', including in government-controlled areas and in non-government controlled areas. A major breakdown of humanitarian aid delivery occurred in July 2015, when the de facto authorities of Donetsk and Luhansk imposed equally daunting restrictions and eventually stopped operations until humanitarian organizations get 'registered'. While some progress has been observed, and a handful of organisations resumed operation, this is insufficient to cater for existing needs.

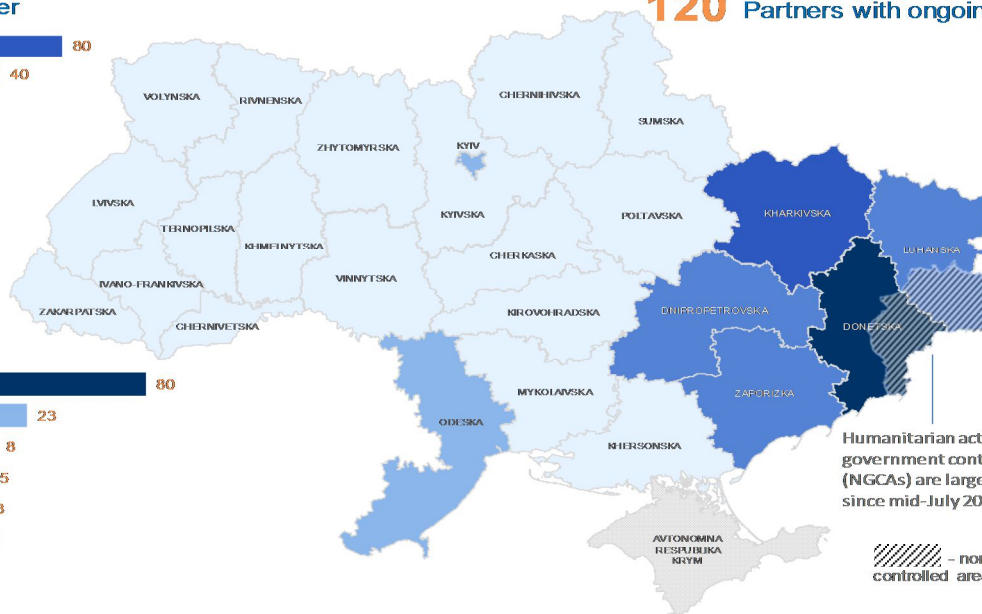

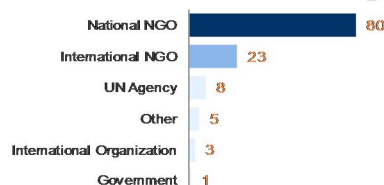

\*This 3W is only a reflection of the operational presence and it is not an indication of whether gaps are being addressed. Needs and gaps analysis is being carried out at cluster level.

#### Is your data missing from this document?

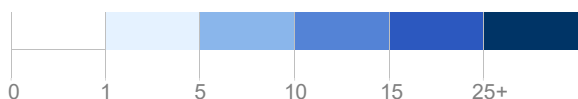

Contact the respective cluster and inform them where you are operating. Please email the Information Management focal point from the contact list [here](#).

Your data will be reflected on the next version. Thanks for helping out!

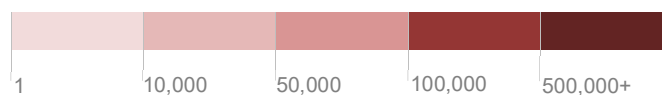

The supporting matrixes provide a breakdown of the number of partners in a cluster by Oblast. The information is compiled on the basis of information provided by humanitarian partners to cluster coordinators. The geographic coverage shown is indicative of the humanitarian response. The Oblast names are colored based on the number of registered IDPs, which are in line with the Ministry of Social Policy data provided weekly.

## Number of Partners in each Oblast by Cluster

Data Sources: HCT Cluster lead agencies in Ukraine (partner number) and Ministry of Social Policy (IDP number).

\*Protection data includes data from Gender Based Violence and Child Protection sub-clusters.

\*\*Number of partners operating in Government-controlled and Non-government controlled areas of Donetsk and Luhansk oblasts.

Donetska and Luhanska oblasts		Education	Food Security	Health/ Nutrition	Livelihood/ ER	Protection*	Shelter/NFI	WASH
Donetska	Government controlled raions	1	3	4	5	20	15	5
	Non-Government controlled raions***		1	1			4	1
Luhanska	Government controlled raions	2	3	5	3	12	9	6
	Non-Government controlled raions***	1					4	2

\*\*\*Disclaimer: Activities indicated in non-government controlled areas (NGCAs) are largely suspended as since mid-July. The resumption of activities and humanitarian assistance is pending on the outcome of the 'registration' by the de-facto authorities.

\*\*\*\*For further details contact cluster and sub-cluster coordinators.

Note: Some partners may be working in both areas (government and non-government controlled) and may be counted several times, resulting in a discrepancy between the 2 tables.
